

# Terrific Teachers

"It is education that spreads great sciences and arts . . . that makes manifest new discoveries and institutions." —'Abdu'l-Bahá

**D**o you love learning about animals, outer space, or world cultures? Do you get excited about learning to play a musical instrument or speak a new language? If so, you can thank one of your teachers.

Teachers encourage our curiosity and open our minds to new ideas with fun projects and activities. And they inspire us to achieve our goals—even when

we're not sure we can. Our favorite teachers at school, home, or in our faith communities can influence us for the rest of our lives. They help us develop our gifts and talents to use now and in the future.

Let your teachers know how much you appreciate them and how they've helped you. Create a brilliant thank-you card for a teacher who lights up your life!

## You'll Need

Twelve 1 1/2" (3.8 cm) paper squares  
 8 1/2" x 5 1/2" (21.6 x 14 cm) sheet  
 of card stock • ruler • pencil  
 markers • 1/2" (1.3 cm) round sequin  
 (optional) • 4 3/8" x 5 3/4" (11.1 x 14.6 cm)  
 envelope (optional)

## Make a Superstar Thank-You Card

1 Fold all paper squares.

2 Fold bottom tip 3/4" (1.9 cm) across. Repeat for all papers.

3 Fit one folded paper evenly under flap of another folded paper.

4 Keeping flap upper corners in place, fan out top paper so 2/3 of inner flap shows. Secure with glue between larger portions of papers.

5 Repeat steps 3 and 4 for all papers. For final papers, push overlapping triangle tops behind first paper.

6 Fold card stock. Glue star to cover and add sequin.

7 Write "Thank You!" on cover and add your message inside.
