

WHAT DO YOU SAY?

When someone speaks unkindly, it can be hard to know what to say. How do you stand up for justice without being mean? What words might help the person become more open-minded instead of angry?

If people make judgments about others based on their

looks or culture, without getting to know them, that's prejudice. Sometimes it even leads to conflicts, violence, or war.

It takes courage to speak up. But if you stay silent, unfair ideas can spread. Check out these situations. How would you respond to prejudice?
