

Hats Off to You

"Let us look ... at the beauty in diversity." – 'Abdu'l-Bahá

From our head to our feet, we are unique individuals with our own style. We're also part of different cultures with traditions and ways of life. This diversity makes the world fascinating and enjoyable.

People share who they are in various ways, including

what they wear. Hats are a fun form of cultural expression. They can reveal a person's nationality, job, interests, religion, or family role.

Explore hats around the world. Read each hat's clue, then match it with the country where it can be found.

I COME FROM A COUNTRY KNOWN FOR BAGPIPE MUSIC.

1
TAM O' SHANTER

2
STRAW HAT
