CORE ACTIVITY IDEAS FOR YOU AND YOUR COMMUNITY

HEROES OF HARMONY

In movies, a superhero swoops in to catch a collapsing bridge or a train that's skidding off the tracks. With incredible strength, they stop a disaster, and a grateful crowd cheers.

In real life, we all have superpowers, but we use them in quieter ways. Still, we have just as much determination. When you help host a community event or assist a teacher with a project, you're a hero! In a world where people often feel rushed, overwhelmed, or lonely, kindness can save the day.

Building a new society focused on justice and peace will require big changes in how people think and act. But we can start by having a conversation that goes beyond small talk or saying a prayer with a friend who's troubled. Those moments can have a profound impact over time, making our community vibrant and strong.

So look for ways to flex your superpowers of virtue. You'll help to lift up the world with love!

Find 18 superpowers we can use to build a new world. Search up, down, forward, backward, and diagonally.
