

Maya's MYSTERIES

"Nature in its essence is the embodiment of My Name, the Maker, the Creator." –Bahá'u'lláh

WE'RE LEARNING ABOUT DIVERSITY FROM NATURE!

HARMONY IN NATURE

Today I walked with my friend Kiara to a nearby pond. We saw ducks, turtles, frogs—even baby muskrats! They were so cute.

It's awesome how different creatures share the pond and live together peacefully. Our world can be

like that, too! We can learn to live on Earth peacefully and appreciate all creatures, large and small. A great way to start is by taking a nature walk. Check out this game Kiara and I made. It helped us see how nature teaches us to live in harmony—in water *and* on land!

NATURE VIRTUES BINGO: Go on a nature walk and find items that express virtues. How fast can you or your friends finish five boxes going across, down, or diagonally? Write, draw, or photograph your discoveries.
